POLITICAL.

Logan Voices the Grant Policy.

WASHINGTON, April 27—Logan has returned, and was the special object of interest at the capital. He said that Grant talked very freely with him on general subjects but eschewed politics. But, said Logan, Grant will not withdraw or be withdrawn under any circumstances. One gentleman here remarked that it was generally understood that Grant will not be kept in the field unless nominated on the first ballot. Logan said Grant is in the hands of friends who will not withdraw, no matter how many ballots are taken. That is the whole case This remark is taken by the Blaine people that the campaign is to be an aggressive one

Presidential Analysis of Louisiana.

Madison Wells of Louisiana said to-day that it now looks very much as if there would be two delegations from that state, one for Grant and the other for Sherman He says that the colored people are unanimous for Grant, and the politicians are for Sherman and that there are strong indications of a boom for Windom as a dark horse. He is very popular among congressmen, and is the second choice of the Blaine and Sherman men, and even Grant leaders are warmly attached to him

It also abolishes the requirement for payment of five per cent interest on deferred payment of taxes

A Veto Feared.

An impression is gaining ground that the president has made up his mind to veto the marshals deficiency bill upon the strength of the objection made by Senator Edmunds and other prominent republicans to the rider concerning the method of appointing deputy marshals of election The rumor cannot as yet be traced to any utterance of the president or his cabinet advisers, and may be wholly erroneous, but it excites much comment in view of the certainty that a veto of this bill would inevitably prolong the session at least a fortnight.

POLITICAL CONVENTIONS

[illegible] THE [illegible]

HARRISBURG April 28 [illegible] [illegible] delegation [illegible] this evening [illegible] [illegible] with [illegible] Wallace [illegible] [illegible] this [illegible] well received by [illegible] [illegible] and [illegible] [illegible] [illegible] after [illegible] at [illegible] [illegible] were [illegible] the [illegible] half the delegation [illegible] sides should [illegible] Delegates [illegible] [illegible] [illegible] delegates [illegible] [illegible] [illegible] The regular delegation [illegible] be made [illegible] of Wallace [illegible] while the [illegible] of contesting delegates [illegible] strongly in Randall's favor Both sides have been canvassing all day long and to-night both Wallace and Randall claim to be able to control to-morrow's convention In Philadelphia if the fight should be carried into the convention it is believed that ex Senator Andrew H Dill will be the Wallace candidate for temporary chairman while ex Congressman Singer will be the Randall candidate

HARRISBURG April 28—The democratic state convention met to-day All hopes of a compromise were at an end and matters were lively The Randall people seemed to control the entrances to the hall and admission even to members and telegraph boys was difficult There was much delay and many conferences between Wallace and Randall factions before the convention was called to order Finally a committee was appointed to settle differences and at 11 10 Chairman Miller called the convention to order Cassidy then announced that matters had been harmoniously arranged and that the regular democratic party while standing by its position, would yet take their opponents by the hand for the sake of peace He then named a committee to whom all contests were referred This elicited much applause and several hearty speeches in its favor Wallace emphatically said that he would yield all for the sake of united action Wm M Stenger said that the nomination of Grant meant that he be the perpetual life [illegible] of America and dissensions alone would prevent democratic triumph Recess till 3 o'clock

At 8 P M it was reported that no report on credentials was ready and a recess was taken till to-morrow morning at 9 o'clock

Whitman Mitchler Sheer and Cassidy will probably be candidates for electors at large on the Wallace side and Scott Gowen Stenger and Jenks on the Randall side

The Connecticut Democracy in Session—A Fight over the Tilden Question

HARTFORD April 28—The democratic state convention elected Thomas M Walter permanent president He denounced Hayes election as a fraud The democracy at Cincinnati should not nominate a man who could not carry his own state The following are the delegates at large to the Cincinnati convention Alfred E Burr Hartford W E Parsons New Haven D A Wells Norwich W H Burr, Salisbury

The platform denounces the election of President Hayes as a fraud calling for the nomination of a candidate at Cincinnati devoted to the constitution and honest government of conservation which will unite the party and prescribing the unit rule for the government of the action of the Connecticut delegation

The convention was harmonious to this point when Blake of Bridgeport presented a resolution as an amendment which was aimed at the candidacy of Samuel J Tilden and declared that the party should not nominate a man whatever may be his private grievances or however eminent who cannot command and receive the united support of the entire democratic party and bring it to success. He supported the amendment in a vigorous speech naming Tilden and declaring that he could not unite the party and that his nomination would jeopardize success

This created great confusion in the convention Finally E S Cleveland of Hartford, who had previously been invited to the platform got the floor He denounced the resolution as a firebrand and read a long written eulogy on Tilden

During his speech Walter president of the convention called Vice President Hollister to the chair and at the close of Cleveland's speech got the floor and opposed adopting any resolutions for or against Tilden In the course of his speech he said that he did not know how many of the delegates chosen were for Tilden A voice responded "Ten of the twelve" Walter counseled harmony and leaving the whole question to the delegates whom he said should they vote for Tilden would never attend another convention from Connecticut. [A voice "A firebrand"]

Walter finally moved indefinite postponement of all resolutions and the adoption of one pledging support to the Cincinnati nominee He then quickly regained the platform and put the question himself and carried the motion by acclamation, unanimously It was quite a brilliant performance and got the convention out of trouble The resolution leaves the delegates to vote according to individual choice. In the first district was a contest over delegate at large, which was carried into the convention but resulted in the choice of Fred E Burr over Ex Gov Richard D Hubbard Burr is editor of the Times of this city and Parsons another delegate at large is editor of the Register of New Haven The latter supports ex Gov English of this state for the presidency The majority of the delegates chosen it is understood will go with Barnum in support of Tilden or his candidate

Sherman's Game in Ohio.

COLUMBUS April 28—The republican state convention met at 11 A M A L Conger in the chair He urged that no mistakes be made and no one be nominated that the whole state can not support

Congressman McKinley was chosen chairman His reference to Sherman Blaine and Grant were greeted with applause mingled in the latter case with half a dozen hisses which were quickly drowned out

The convention reassembled at 2 P M Benj Butterworth was chosen permanent chairman

All the delegations reported full and there were no contests except in Licking county where the committee reported to seat the Sherman instead of the Blaine delegation as agreed to

The platform adopted instructs delegates at large and requests district delegates to vote for Sherman at Chicago and use all honorable means to secure his nomination Cheers greeted this resolution

Delegates were then appointed to Chicago from the several districts, with alternates

The following state ticket was nominated Secretary of state Chas Townsend judge of the supreme court Geo W McIlvaine clerk of the supreme court Dwight Crowell member of the board of public works S R Hosmer for school commissioner A P DeWolf

As near as can be learned 8 out of the 40 district delegates chosen to-day to attend the Chicago convention are for Blaine, but in one district (the [illegible]) a resolution was adopted declaring Sherman to be their second choice Sherman's friends to-night claim the delegation to be solid for Sherman at Chicago

The Worst Weather ever known in that Region—Snow Slides—Narrow Escapes, Etc, Etc

(SPECIAL DISPATCH TO THE OREGONIAN.)

SIERRA CITY Cal April 28—The most terrible storm ever known in this place has apparently just come to a close It began April 12th and there has been scarcely a gleam of sunshine till this morning but with the exception of a very little rain it has snowed almost continually night and day and sometimes very fast fully seven feet having fallen here and at the lowest reasonable estimate not less than ten or twelve feet on the summit The snow has been very solid it being just cold enough A pan heaped with snow when melted would more than fill the pan with water There have been many snow slides some of them doing considerable damage Isaa Martinelle a dry goods merchant in the city had five arastras swept away by an avalanche doing several thousand dollars damage About five miles down the river at a place called Charcoal some Italians have a ranch On the 21st having but a minutes warning they had barely time to leave when the slide came carrying the house and its contents into the river, totally obstructing the passage of water and raising the river 15 or 20 feet till it cut its way through a huge mass of snow Not more than half a mile farther down the river the catastrophe was repeated where a Frenchman a miner, in a like manner barely had time to get out of the track of the huge mass of snow that came rushing down the mountain and carried his house with its contents into the river a total wreck There has been several slides nearer this place, but there being no houses or other property in their track no serious damage was done It is said that the river was so effectually dammed that the water was raised 20 feet and it was several hours before the water cut a passage through A water ditch and flume on the south side of the river has encountered several slides and is undoubtedly somewhat damaged, but to what extent cannot be known for some time In some places it is 30 feet under snow

THE CIPHER DISPATCHES

Since mention has again been made of the cipher dispatches and since there is an attempt to claim that the parties who were the chief agents in the transactions pertaining to the attempt to buy an Oregon elector had no knowledge of the nature of the dispatches which they made up and transmitted to Gramercy Park it becomes proper to say that notwithstanding all denials the circumstances and facts show convincingly first that there was a corrupt scheme and second that the persons in whose behalf these denials are are made are the very ones who naturally would have participated in it. Senator Kelly after starting east was sent back to Oregon to attend to this business. He conferred with Patrick who had the "little dictionary" which furnished the cipher. Patrick of course did not carry on the whole affair. In fact he was no the man whom it had been the intention to send. The history of the case shows that a man named Miller was to be sent to Oregon but as he was detained at Salt Lake, he got Patrick to come in his place. Now Patrick was not acquainted with the cipher. He scarcely knew its use. Miller put the "little dictionary" in his hands, wrote out directions for its use according to the Tilden plan and sent him on to Oregon. But Patrick arriving here, could do nothing of himself. It was necessary to have counsel. He was not acquainted in Oregon and therefore had to work wholly through others. It is sufficiently known that Kelly and others here studied the cipher system and the use of it verified its methods and soon knew more about it than Patrick himself. The dispatches as printed and translated bear evidence of great care and study. Such dispatches could have been made up only after long consultation. The most important one calling for money to buy an elector, was "fully endorsed" by Kelly. Of course this was done to give it weight at Gramercy Park. That Kelly considering his relations with the affair, the fact that he was sent back to Oregon as managing agent of it, and the special endorsement he gave the dispatch in order to secure the money called for, should still be ignorant of the plan or of what was intended, is an assumption which in candid minds can find no credit whatever. As for Bellinger, his agency with Kelly in the affair is disclosed by the cipher declaration "Kelly and Bellinger will act." How were they to act unless they had knowledge of the plan and proceedings? Again, when Patrick departed, he left the "little dictionary" in their custody, so that they might continue the telegraphic correspondence if necessary, or interpret dispatches which were still expected. And the "little dictionary" was in their possession a long time afterwards and unless quite recently sent back to its owner or destroyed, is in their possession still. We are not aware that Judge Bellinger has made denial of his connection with the affair. It is creditable to him that he has not done so. As for Judge Kelly, he has put himself in a position by his denials where he can save his credit for veracity only at the expense of his intelligence,—and this is exceedingly difficult, as he is known to have sufficient intelligence at least for a blundering affair of this kind. Perhaps the best way for the parties concerned to get out of this difficulty would be to proclaim boldly that the cipher dispatches and the affair to which they relate were a legitimate feature of the great reform campaign, thus putting the case on "high moral grounds."

WANTED—A NEW APOSTLE.

Want of practical force and consistency in the various temperance movements which have been going on throughout the country for several years past has been much noted by every close observer. Temperance movements, like all other things, grow monotonous unless new features of life are introduced into them. It has often been observed that the principal stock in trade of the more sensational apostles of the cause has been the fact that they had been bad men, and such is the peculiarity of morbidly disposed audiences that the recital of the badness of the lecturer was highly appreciated, so much so that the worse a temperance reformer had been the more popular he became. Murphy, for example, whose career has been so notable as a temperance advocate in eastern cities, came out with confessions of the disreputable conduct of his past life,—a happy thought which brought him both fame and money. Observing his success, many gentlemen who were averse to legitimate labor, rallied under the temperance banner and also became "toilers" in the cause. In every community we have now and then a touch of the same thing. And yet there are many people who do not approve the spectacle of these gentlemen relating from temperance platforms with great gusto how bad they have been, and how good they are now.

But the "bad man" fascination in temperance, in morals and in religion, has often been exerted with strange power, and doubtless often will be again. Yet it has only sensational, and therefore merely temporary results, as thinking people cannot believe that ex-convicts, ex-gamblers and ex-villains of all descriptions are their proper tutors. Recital of gross misconduct from temperance platforms and church pulpits may have an interest for a class who feed on sensations and think the history of plain and reputable lives a bore, and yet it is extremely questionable whether real reform is ever much aided in this way. Hence we fully approve a suggestion we saw lately in a review, that the next sensation in temperance circles shall be the introduction of a lecturer whose character shall be above reproach, an apostle not in name only but in fact, a man who is not a hypocrite, who has never been a convict, who has never abused his wife or starved his children to feed his appetite for drink, and who has not taken to the platform to make money by exploitation of the story of his own shame in preference to engaging like a true man in some honest calling and living the life of a reformer instead of talking about it.

THE DEMOCRATIC NOMINATION

An interesting article on The Democratic Presidential Nomination appears in the *Atlantic* for May. It is an astute analysis of the supposed elements of strength in each of the leading candidates, including Mr Tilden, Judge Field, Mr Bayard Mr Thurman, Gen Hancock Gen McClellan and some others who are mentioned as bare possibilities rather than as candidates upon whom any considerable support is likely to be concentrated. Mr Tilden as the leading candidate receives most attention. He is conceded to be by all odds the ablest political manager of his party. Prior to 1876 he had the reputation of a reformer which gained him great strength. "A great many people of the independent voter class looked upon him as a type of the upright statesman which is unhappily rare in all parties. But all the fine halo of superior purity which hung about him then has vanished long since. The income tax suits and the exposure of the cipher dispatches dispelled it, and left him completely bare of the imaginary merits that had been attributed to him. Nor can it be denied that his personal popularity has vanished with his reputation for lofty statesmanship and yet he so far leads all his competitors in the race that it is impossible to distinguish any one among them whom he has reason to fear as a dangerous rival. It is admitted that he has created a dangerous schism in his party in New York and that prudent democrats are afraid to reject him. For there is a man for fear that he will in his chase leave the state away or that he should only take his hands off the organization he has built up the party would be ruined. And who except himself could wield that organization for the purpose of carrying New York which is admitted to be the key to the whole position? Mr Thurman's chances seem to have been ruined by his advocacy of irredeemable greenbacks and his loss of Ohio last year on that issue. Of Judge Field it is said that it is hard to see what elements of popularity he has to draw upon as he is a retiring man is personally known to but few and his sympathies have been on the side of the great corporations rather than on that of the masses. Mr Bayard is not regarded as a possible candidate, since his nomination would bring up the very questions—those involved in the state rights heresy—upon which the democrats do not want to go to the people this year. In this way the whole list is run over leading to the conclusion that unless the situation should be materially changed before the meeting of the Cincinnati convention the result which we have most reason to expect is obviously the nomination of Mr Tilden.

We print another letter on Hard and Soft Money. No doubt there are many who entertain views like those therein stated for there is proof that the fiat money advocates are quite numerous. But it is extraordinary that so great a fallacy should exist as is found in the assumption that the value of gold and silver depends on man-made law, which might easily make as good money out of any other cheaper stuff whatever. But it is in this most ridiculous claim that fiatism has its chief root. The letter shows how earnest and sincere one may be in advocacy even of the most overwhelming absurdity. If gold and silver should fail we are asked where would be our money? If the air we breathe should fail we might as well ask how could we exist? We shall have no end of troubles if we ignore the facts around us and begin to rely on dreams, theories and visions. The value of gold and silver depends on the amount of labor it takes to get them and their adaptability to man's uses. They are the natural material for the money of the world and no kind of paper currency ever had or can have any value except as it is redeemable in them. But a currency is demanded, based not on gold and silver but upon "real estate, industry and honor." On whose real estate industry and honor? All this is in cloud land. It is a theory which on any examination, dissolves and becomes indistinct as water is in water.

Charles Francis Adams, who is recognized as one of the most intelligent authorities in the land on railroad questions does not hesitate to give it as his opinion that the present tendency to railroad consolidation will continue till the unavoidable logical conclusion shall be reached—the concentration of all railroads in a few hands. But he does not think this is a thing to be alarmed at. He does not fear that it will lead to the despotic and capricious subjugation of the people to corporation rule which so many persons affect to apprehend. On the contrary, he regards it as the inevitable systematic arrangement of the railroads which is bound to take place, whose effects will be beneficial rather than injurious to the country, because, first it will substitute stable methods, and rates for fluctuations that now bewilder trade and second, it will place railroad management under a few hands which legislation can deal with directly and effectively.

Raleigh Stott as candidate for circuit judge is the respect and will have the support of the great numbers who have known him from his boyhood, who are confident of his ability, who admire his integrity, and who have followed with interest the successive steps of his progress as a student as a lawyer and as a man of affairs. He is known as the soul of honor. he has never been entangled with transactions of doubtful propriety not one mean act has ever been traced to him, or even laid at his door, he is a lawyer of experience, has a good practice, and has risen entirely by his own energies and talents. He is not and never has been a professional politician. Nor has he been an intriguer of many shifts and varied experience. He is a man of straightforward purposes, and has the qualities of a good judge, and as the people know it they will elect him.

A paper which has no editor, but is only a sort of sewer through which every scribbler runs his emptyings, recently had a scurrilous article about Judge Boise, which it is current ly reported was inspired by an individual who imagines himself Judge Boise's competitor. Judge Boise is sufficiently known to the people of Oregon, and especially to the voters of the third judicial district. He can neither be slandered nor beaten. The election returns will show that there has been no contest there, however eager those who think they are making a fight against Judge Boise may be to make it appear that they are getting up one.

It is understood that Gov Thayer, in appointing a state printer to serve till a printer shall be elected and qualified, will purposely appoint some one likely to be out of the line of nomination by either party and also that he desires to appoint a person who will be willing to place the net profits at the disposal of the family of the deceased printer who are in circumstances which would render this aid very acceptable. The inclination to do this does credit to the governor and will meet with general commendation.

Somebody inquires of THE OREGONIAN "What is the unit rule, mentioned frequently in your telegraphic reports of political conventions?" When it is reported that a state has adopted the unit rule it simply signifies that the delegates to the national convention are instructed to vote together or as a unit on all questions that come before the convention.

Those critics who think it will not do to elect young men to judicial office have an opportunity to apply their principles in the selection of a judge in the third district where Boise is one of the candidates and Ramsey is the other.

THURSDAY MORNING APRI

CITY

A Brutal Proceeding.—A gentleman who was an eye witness has given us the following particulars of a very brutal affair which occurred last evening. A boy named Dees, who lives near the corner of Sixth and Main streets aged about [illegible] years, on a very slight provocation attacked his smaller brother aged 10 years in a very brutal manner. After administering several vigorous kicks in the region of the little [illegible] which brought the little fellow to the sidewalk the young ruffian followed his brother into the house and continued his brutal assaults. The cries of the younger brother aroused the neighborhood and brought a number of ladies to the scene, and one of the boys while interfering to shield her little brother from the violence of the older received a severe blow in the face from the [illegible] informant, who also interfered in behalf of the little fellow, was ordered to leave the premises by the youthful ruffian and some man who was in the house at the time. The parents of the boys were absent when the brutal assault was made. The young scoundrel should [illegible] his brutality.

Scales on the Rampage.—There was a rather [illegible] circumstance took place on the Pacific wharf yesterday evening. Business men shippers stevedores and custom house officers know that in the wharf or dock there is an inclined way from the steamboat landing up to the upper part of the dock. It seems that an agent of the Salem mills was at work on the upper part of the dock near the head of the inclined way and by some means his platform scales that were mounted on four wheels got started down. The further they went the faster, so that by the time they reached the lower floor which was crowded with men and horses, they were going at the rate of about a hundred miles an hour giving forth a rattle and a roar that was perfectly fearful. Everybody cleared the way as they shot past and when they got to the foot of the way they made a grand leap about 40 feet out into the river and disappeared beneath the waves. It was unanimously pronounced a singular circumstance the like of which never before, perhaps having occurred on the planet.

Leg Amputated.—About two years ago a lad named Willie Watenpall residing at Oregon City while playing about the locks fell and struck his right knee against a stone. The limb was severely bruised by the fall and notwithstanding the treatment received the injury would not heal. In time the knee joint became involved and gradually the femur grew to be diseased. The lad was finally removed to the Good Samaritan hospital where he could receive constant medical attention. Still the limb refused to heal and gangrene set in. Finally Dr W H Saylor the attending physician at the hospital, became convinced that amputation was necessary to save the boy's life. Yesterday the limb was taken off just below the hip joint. The operation was performed by Dr Saylor assisted by Drs. Wells, Watkins and Frase. The operation was performed in a skillful manner and the boy was resting quite comfortably although the chances of recovery are not very encouraging. The lad is aged sixteen years.

Asking Capt Jessen to be Appointed.—A petition has been circulated in this city, and obtained the signature of nearly every prominent mercantile house, asking Mr Villard to appoint Capt. Chr. M. Jessen, temporarily in command of the *Oregon* to a regular command on one of the O R & N Co's steamships. The petition will probably be presented to Mr. Villard to day. Capt Jessen is a man of wide experience in nautical affairs knows as much about the Columbia river bar as any man living, and possesses splendid executive abilities. If he should be appointed the O R & N Co will be certain to have in him an efficient, faithful officer.

Estimated Cost.—Yesterday the estimate was filed in the office of the auditor of the various kinds of work to be done for the improvement of Fifth street from the postoffice block to the macadam on North Fifth street at A street. The total amounts of the work are as follows Excavation, 120 cubic yards, embankment, 462 cubic yards, new sidewalk, 1059 lineal feet new curb, 1 0 lineal feet, new crosswalks, 300 lineal feet crosswalks to be relaid, 179 lineal feet and macadam 1,885.6 cubic yards. The work is to be let by sealed bids at noon Friday and will probably cost about $800.

The Excursion.—There seems every reason to predict a large crowd and a very enjoyable time at the forthcoming railroad excursion to Corvallis next Sunday. The excursion will be given under the auspices of Willamette Engine Co. No. 1, which is a sufficient assurance that the affair will be conducted in good style. The train will leave Portland at 7 A. M., Sunday morning and will return the same day. Music will be furnished by Bray's brass band.

Hand Crushed.—While the steamer *Occident* was coming through the locks at Oregon City yesterday morning one of the deck hands, named Wm. Gilmore, got his hand caught in the winch of the cog wheels used for opening and shutting the gates and before he could get loose his right hand was badly smashed. It is probable that his thumb will have to be amputated.

"Morning Call."—Mr. Barton Hill and Miss Josie Cameron have very kindly consented to appear at Mrs. D. F. Smith's benefit, to come off at New Market theater to morrow evening. They will appear in the very laughable little comedy of "Morning Call."

Lee Chapel.—The *Advocate* says "The Sabbath school scholars of Lee Chapel, gave a concert on last Sabbath evening, under the supervision of Mr. J E Curry, the superintendent of that school. This school now has an average attendance of seventy-five scholars and is in a very flourishing condition."

To Nominate Candidate for State Printer.—A call is issued this morning for a meeting of the republican state central committee to be held in this city May 18th to nominate a candidate for the office of state printer made vacant by the death of Hon. W. B. Carter.

Appointments.—J. H. Vandever, superintendent of the churches of the United Brethren in Christ in eastern Oregon and Washington will preach in the Spokan country as follows. Pine Grove, May 8, 1880, Spokan Falls, May 16 Four Lakes, May 17th.

Lot for a Christian Church Purchased.—The trustees of the Christian church have bought two lots in the old academy block corner Seventh and Jefferson, and will erect a church edifice thereon during the coming season.

New Letter Box.—The postal authorities have placed a new letter box at the corner of Seventh and Stark streets—a convenience which will be appreciated by the residents of that neighborhood.

Excursion to Victoria.—A number of the English residents of Portland are agitating the matter of giving an excursion from this city to Victoria on the occasion of the queen's birthday.

Arrested.—A man named Andrews alias Robert, was arrested last evening by Detective Hudson, charged with purloining several coats. Judge Stearns will investigate the case to day.

Internal Revenue.—The special stamp tax will be due May 1st. It is quite important to those interested to know this.

THE VERDICT

The coroner's jury summoned to hold an inquest over the body of Laurence Lundine the unhappy Swede who destroyed his life at Wilsburg Thursday morning returned the following verdict: Laurence Lundine came to his death by drowning in a well on his own premises at Wills [illegible] about six miles from Portland, and it is the opinion of the jury that he took his own life and tried to destroy the life of his child aged two years. This 7th day of April 1880. That his age is 59 years, a native of Sweden.

Report of State Fair Committee on Wm. Scheffler's Wines and Brandy.

To the Board of Managers of the Oregon State Fair for the year 1879—Dear Sirs Your committee appointed to report on the exhibit of wines and brandies do respectfully report that they have thoroughly examined and tested the Port Sherry and Amber Wines put on exhibition by Mr Wm Scheffler of St Helena, Napa county Cal and that we have called in experts in aid of our judgment and would feel that we were doing Mr Scheffler great injustice did we simply report an exhibit of fine wines. The committee feel that they should go much further and say we find an exhibit of really very superior wines which we feel justified in recommending to the confidence of all who have use for wines. We have every reason to believe them pure and we can say for ourselves that they are delicious in their flavor.

We have also tested Mr Scheffler's Sanitary (Vacuum Distilled) Grape Brandy and is pronounced by connoisseurs brought to our aid as being wonderfully smooth and inviting—and the fact that by the new process of distilling adopted by Mr Scheffler the brandy is freed from the fusel oils is a desideratum never before attained as we believe and should and doubtless will make Mr Scheffler the leading brandy manufacturer on this coast. We would recommend to all druggists a trial of this brandy and these wines. And your committee would recommend the award of the society a diploma for Superior Brandy and Wines

AN INQUIRY

[illegible]

To the Editor of The Oregonian

Judge John M Thompson is a candidate for re-election to the legislature on the democratic county ticket, placed there, it is said, by the most strenuous efforts of his party friends in the county convention and against the wishes of a majority of their rank and file who see nothing in his past services to entitle him to [illegible]

The republican party convention has since put forward a full legislative ticket which seems to give general satisfaction to voters. Now I'll allow myself I am a republican having gone with them on the war path after democratic scalps as a volunteer in 1861 and as a voter have been one of their regulars ever since. I have a high regard for Uncle Sam and all his patriotic nephews and as patriotism, like charity, should begin at home I love Oregon and Lane county.

I was early taught to respect the authority and logic of the ten commandments and think them still as good as new and consequently look upon those who would steal Fort [illegible] from the United States or money from the Oregon state treasury as public enemies and the men who bring such to justice to that extent patriots, and that, if patriotism was becoming in George Washington or Admiral Farragut it is so in John M Thompson.

Hence the question comes up why not vote for him who has shown himself the able and fearless friend of the people the natural enemy of thieves and democracy and who is getting away with my best republican thunder?

Because sir I am a regular republican that's why. But in spite of the very satisfactory nature of this answer the ghost of the question keeps coming up and a close study of all the party issues since 60 fails to lay it. In fact the 'stealing' issue shows the most vitality of any I have studied and the melancholy part is that "good names" not trash seem the favorite plunder of the partisan in our election ridden times.

But I only took the pen to ask you for a word on the duties of doubting 'regulars' for to you who are continually wrestling with the fifteen and other knotty puzzles, it would be easy to enlighten a somewhat befogged

AMERICAN SOVEREIGN

ONE OF THE VICTIMS OF JUNK SHOP JOURNALISM.

New Era, Oregon April 27 1880

To the Editor of the Oregonian

Some time since the *Daily Standard* informed its readers that it had made special arrangements to furnish its readers with the latest telegrams and stating that it had a "special reporter" in San Francisco. My maiden vote was cast for a democratic candidate, and my sympathy naturally was with the party paper and thinking to obtain the latest telegraphic news from that source my name was added to its subscription list, at your expense not being able to subscribe for two daily papers. For a few weeks brief telegrams indorsed "special to the *Standard*" were published. May I ask, Where oh where is that special reporter? Why don't he do his duty by the great democratic party of Oregon? Or was it a little sleight-of hand performance of the editor's to add a few democratic names to a slender list of subscribers?

DEMOCRATIC VICTIM

THE OREGON KIDNEY TEA!

Read the following testimonials, not from persons 3 000 miles away whom no one knows but from well known and trustworthy citizens of Oregon, whose names written with their own hands can be seen at our office

Harrisburg Oregon December 31 1879

The **Oregon Kidney Tea** has done my wife as much if not more good than any of the many remedies she has used for pains in the back and I believe it to be a good remedy for the diseases which it is recommended for A M COX

Harrisburg, Oregon, December 31, 1879

Some three months ago I was attacked with a severe pain in my back I bought a package of the **Oregon Kidney Tea**, and by the time I had used one half of it was entirely relieved and have not been troubled since. I cheerfully recommend it to all who may be suffering from a lame or weak back as a pleasant safe and good remedy

THE SMITH BOOM.

From the Original T Jefferson Smith.

Portland April [illegible] 1880

The Editor of The Oregonian

The letter [illegible] signed [illegible] to have raised a stir in the camp of the Smiths [illegible] I was awakened from the delirium dream by the [illegible] in your paper [illegible] At last the surges [illegible] chance [illegible] the original [illegible] manly and [illegible] the spirit of the teachings [illegible] But [illegible] permit me to [illegible] the wish that one [illegible] converts [illegible] this is especially true [illegible] Indeed [illegible] citizens that its very nature [illegible] own judgment [illegible] integrity of the candidate [illegible] party convention [illegible] select at haphazard and often packed for [illegible] political offices are shared in by so many [illegible] party expediency it is accepted as a rule that very much will be yielded to the action of the party convention in order to the triumph of the true principles of government which the democracy is commissioned to perpetuate. But when the attempt is made to put an honest democratic [illegible] for the advocates and promoters of bribery and upon men whose integrity will not bear the test [illegible] they are put forward as candidates in the name of party for the almost sovereign power of supreme and circuit judges the rule falls to the ground. If partisan feeling affects a judge it is unworthy to decide upon the dearest rights of life liberty and property of the citizen. If he is without partisan feeling he is not properly a party man. If not a party man then party [illegible] do not give him the absolute title to the office [illegible] political office and no principle of party expediency can [illegible] behind the [illegible] to do like the [illegible] Smith and vote for a man with the party [illegible] be a horse thief.

If true party affiliations will always induce the [illegible] democrat to vote in favor of the democratic candidate between two men otherwise [illegible] in honesty and capacity. I hope the party [illegible] Smith will pardon this lecture and follow the more sensible lead of T Jackson Smith and the St Helens Smith and also the more famous precept of our most illustrious common namesake. And in that spirit I hope all of the Smith family will enquire about the honesty and capacity of judicial candidates and vote [illegible] from party [illegible]

Attention! Attention! Attention!

Is called to the fact that we have just received per steamer State of California, a LARGE BANKRUPT STOCK, purchased in New York by MR. J FRANKLIN at 50 cents on the dollar and the way we intend to show you that what we say is so, and not merely bragging is by giving you a Price List that will astonish you all and if these figures are not the LOWEST in Oregon we will stand aside and take a back seat. Competition is the life of trade, and there is so much competition in Portland that goods must be sold low to gain trade and owing to the facilities we have in having our own wholesale house in San Francisco at 18 and 20 Battery street, we will again state that our prices cannot be beat.

King of the Blood

Cures all Scrofulous affections and disorders resulting from Impurity of the blood. It is needless to specify all, as the sufferer can usually perceive their cause; but *Salt Rheum, Pimples, Ulcers, Tumors, Goitre, Swellings*, &c., are the most common, as well as many affections of the *Heart, Head, Liver* and *Stomach*.

SCROFULA.

Wonderful Cure of Blindness.

D. RANSOM, SON & CO.: For the benefit of all troubled with Scrofula or Impure Blood in their systems, I hereby recommend King of the Blood. I have been troubled with Scrofula for the past ten years, which so affected my eyes that I was completely blind for six months. I was recommended to try King of the Blood, which has proved a great blessing to me, as it has completely cured me, and I cheerfully recommend it to all troubled, as I have been. Yours truly,

MRS. S. WEATHERLOW, Sardinia, N. Y.

THE GENUINE

DR. C. McLANE'S

CELEBRATED

LIVER PILLS,

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

MIDDLE AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Some Hard Talk against Kalloch.

NEW YORK, April 29.—The *World* comments: After Mayor Kalloch's wretched exhibition of himself in the letter in which he discussed the ecclesiastical penalties which his son might incur for murder, people will naturally suspect that Kalloch suborned the evident perjury which was committed at the inquest upon the body of DeYoung. It seems perfectly plain that the perjurer had obtained permission to view the body before the inquest in order to fabricate a story that would be consistent with the known facts of the murder. He did not succeed in fabricating such a story. In fact, his story fell to pieces as soon as it was touched. No man, of course, devised or uttered a story of this kind and faced the risk of punishment for perjury for nothing. The man was hired to tell the story, and the most natural supposition is that he was hired by Kalloch. Kalloch has a warm personal interest in getting perjuries committed in favor of his son. Kalloch is not commonly supposed to be too good to concert or procure or commit perjury for a motive much weaker than to save the life of his son. Kalloch's letter and this testimony will intensify the feeling with which the decent people of San Francisco regard their chief magistrate.

Some Interesting Facts and Speculations.

NEW YORK, April 29.—The *Commercial Bulletin* thinks that the condition of European crops indicates the probability of generally good harvests, and that the coming wheat crop in the United States will probably equal that of 1879. Judging from the average of the last five good years in Europe, the latter will require of the United States this year 52 million bushels for absolute consumption, to say nothing of what might be needed to replenish reduced stocks, and we shall have a surplus of 133 millions for export. It seems reasonable to estimate that our present rate of wheat production will be found to exceed the normal demand for home and foreign markets by about 100 million bushels. Under these circumstances it becomes a grave question as to what is to be the result of the current large influx of immigrants at the west and the early augmentation of our grain acreage. An agricultural reaction in that section seems almost inevitable.

CHARLESTON, S. C., April 29.—Three colored laborers were to-day suffocated in a public well.
